

**Department of Agronomy
National Taiwan University**

Faculty Position Starting August 1st, 2023

The Department of Agronomy at the National Taiwan University (NTU) invites applications for two full-time faculty positions beginning from August 1st, 2023 (open rank) in Plant Breeding and Genetics. Applicants with practical breeding experience, or experienced in crop selection theory, or novel breeding methods are preferable. A qualified candidate must hold a Ph.D. degree in a relevant field.

The application package should include **five** printed copies of the following documents: (1) a cover letter indicating the rank to apply; (2) curriculum vitae; (3) a list of publications including one representative **original research article** which was published by the applicant being the first or corresponding author in an SCI peer-reviewed journal within 5 years (after August 1st, 2018); a copy of doctoral dissertation can be the representative publication if applying for the Assistant Professorship; (4) undergraduate and graduate transcripts if applying for the Assistant Professorship; (5) a photocopy of the Ph.D. diploma; (6) teaching plan(s) and course outline(s) or syllabus(i); (7) research proposal(s); and (8) reprints of the selected publications published within 7 years (after August 1st, 2016). Please mail hard copies together with the **PDF** files on a CD or a flash drive to Dr. Li-yu Daisy Liu, Chairperson of the Department, at the following address: Department of Agronomy, National Taiwan University, No. 1, Section 4, Roosevelt Road, Taipei 10617, Taiwan. Please ask two referees to send recommendation letters directly to the Chairperson by mail or email. The application packages and the recommendation letters must be arrived at NTU by **December 30th, 2022**.
